Then He said to his disciples, the harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field.
Mathew 9:37, 38.

We praise and thank God for His calling upon our lives to serve Him in His mission wholeheartedly.

The Great Commission is not an option that we have to consider; it is a command that we all have to obey. You have obeyed being a faithful supporter and partner and it is a greater joy serving together in His vineyard. May His name and kingdom established in all the earth. This is our second prayer update highlighting Christmas and New Year celebration and prayer needs.

Christmas gifts exchange

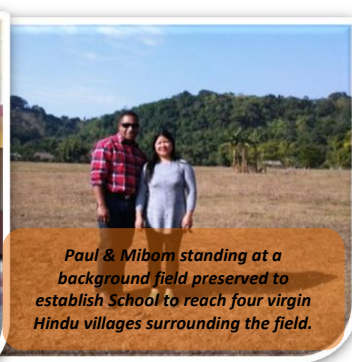

Medha, Apokla & Lynda.

The Evangelical Fellowship India (EFI) missionary staff and partners of Guwahati Centre with its Director Rev Bendang and his wife Apokla have gave us a memorable pre-

Christmas celebration carols, gifts exchange and meal. Each of us had turns to share a piece about our self, which makes celebration fun.

This was a farewell event of Nancy as a fulltime missionary staff of EFI Centre for Guwahati for two years. We were being prayed for and released into God's hands for His leading in our future ministry.

Visit to Likabali (Arunachel) – 19-26 Dec 2015.

Paul & Mibom standing at a background field preserved to establish School to reach four virgin Hindu villages surrounding the field.

Mrs, Mibom, our principal friend has invited us to visit her home place for Christmas after delay of my boarder permit to visit her school, which is situated 12 hours drive from her home town, Likabali. Mibom shared that to effectively reach the Hindu villages surrounding her field is by establishing school to educate all their children. Mibom has a great heart to reach the unreached. She has shared her dreams and visions of establishing the school and linking it to her existing children home school which she started amongst Buddhist community in Arunachel to reach Buddhist

community for Christ through their children. She has invited Nancy and I to partner with her. We have shared, prayed and encouraged one another and celebrated the Christmas with site seeing and prayer walks over various Hindu temples.

Visits and Experiences at Dimapur City.

On 27 Dec 2015, we were invited by Miss Senti, a young missionary who have started teaching in a Hindu and Buddhist community for a year. We were privileged to share our experiences and prayed with her and enjoyed our fellowship meal together. They have invited us to visit them again.

Nancy speaks

Paul speaks and Nancy translates

We were honored to be guest speakers to celebrate the New Year with Yachem Baptist Church, a fulltime sponsor of Nancy's ministry for five years. We both spoke on "Transformation" before almost a thousand people. With the three sessions God used us to deliver his life changing divine Word to touch lives of many that many came to testify and thank God before us.

We were also invited by church leaders to have meal fellowship and prayer time with them. Nancy has sent in her resignation letter to the Yachem Baptist Church Mission office to resign from serving under their mission

to join me (Paul) back to PNG. We were also invited by intellectual young people to speak and encourage them during their carol party. Individual family members and friends are kept inviting us to their homes for special prayer needs.

Our heartfelt thanks and appreciation to all our faithful prayer partners and supporters. We pray fullness of God's blessings flooding every area of your lives this year and onward as you continue to stand together with us in accomplishing The Great Commission. Please continue to pray and support in our upcoming events.
