

## Start Strong.....Endure Long.....Finish Well

*To be in Lord's Field, God's Vineyard is such a greater joy. Apostle Paul encountered Jesus and experience this greater unending joy in serving in His vineyard. He was not ashamed nor being afraid of proclaiming Jesus Christ whom he formerly persecuted.....but he STARTED STRONG starting Damascus. He never gave up .....but he ENDURED LONG in the mighty storms of persistent persecution and he FINISHED WELL.*

*The Task remains Unfinished, the challenge to us real.*

**BE ENCOUNTERED BY GOD.....START STRONG .....ENDURE LONG.....& FINISH WELL.**

### Thankfulness

I give to the LORD thanks and praises due to His righteousness wholeheartedly and recounts all of His wonderful deeds. "The LORD is my strength and my shield; my heart exults, and with my songs I give thanks to Him." (Ps 28:7).

My sincere thanks and appreciation to PNG World Mission, its leaders, its faithful partners and supporters. All the parishes of Kerowagi Circuit, other Christian churches and organizations, Christians individuals, friends and families who have faithfully and willingly supporting me in prayers, encouragement, financial gifts and resources, all have contributed toward my success of completing my Cross-cultural and Leadership training with GET Malaysia. I also extend my deepest gratitude toward GMT and GET staff and leaders, and Christian friends and families and leaders of The New Covenant Church in Malaysia for giving me full scholarship toward my GET training. You are such a tremendous blessing to me and to those whose lives will be touched and changed throughout my ministries in the future. To God be all glory in the highest!

### GET Team Out Reach to Orang Asli Tribal People of Malaysia

The Orang Asli tribal people are indigenous people of Malaysia. They have been rejected by the government for over many years. The Government forced them out of their lands for development purposes leaving them without a single benefit. Basic human needs such as food, water and shelter were not met leaving them at the line of poverty.

Thankfully a pastor with his family who committed their lives to serve this tribal people and connect to government and other organisations to help the people. Bobby and his wife faithfully working together with the pastor to see change in the lives of this people. They pay visits occasionally bringing food supplies, dietary supplements and building water supply and toilet facilities.

On our visit with Bobby and his wife, I was given the opportunity to share gospel and pray healing and complete transformation over the lives of both young and old. We visited two distinct tribal group at different locations.

PRAYER: Pray with us that,

- Every Orang Asli people will come to know the Lord
- God may bless Bobby and his family to continue to show God's love through food, shelter, water and other services to improve live.
- God's protection and covering be over the lives of Pastor and his family.

# GET Team Outreach to Kingdom of Cambodia

I had opportunities to share my testimonies with leaders and the team.

On Sunday I was led to sharing testimony and encouraging each person to remain focus on God's plan and purpose for his/her life.

There were many people both old and young came forward after the message shared on Mission. So we laid hands on them and prayed over them that they may continue to have the heart, vision and passion for mission

**PRAYER:**

- The Holy Spirit may move amongst many Christian churches there awakening the hearts of believers to evangelize their neighboring community of Hinduism and Buddhism.
- Pray against child prostitution and human trafficking.

Sharing my Testimony with Cambodia AOG Church Leaders and GET Team.

Sharing my Testimony with Cambodia AOG Church at the main Service on Sunday.

## Global Empowerment Training, Malaysia KL

A great team of God's anointed men and women who have tirelessly worked hard and put things together in order to see potential missionaries from all over the world truly changed and filled up with mission and vision for God's mission. The selected influential and God's anointed speakers from around the world were tremendously amazing. They taught and preached in the power and anointing of the Holy Spirit. Every lesson was no ordinary but a lesson in His presence of impact and impartations for God's mission. GET prepares me well to START STRONG... To ENDURE LONG ... To FINISH WELL in God's mission. I am ready to serve in the persecuted parts of the world. Let God thrust this spear in His mighty hand.

**PRAYER: Pray For,**

- Rev Irvin Rutherford, Founder and Executive Director of Global Ministry Team (GMT) and Global Evangelism Training (GET) will celebrate with his wife fifty years of ministry and marriage.
- Ms Lilian Tan, Director GET Malaysia with her team to recruit and train more missionaries to be sent through GET.
- GET Alumnae to grow bigger and strong connecting all graduates across the globe to move for God's mission.

Rev Irvin receive gift from Ms Lilian T.
